# Air Event Information Sharing Service (A/EISS) Quick Reference Guide (QRG)
QRG 1.A: How to Add the A/EISS Real World and AEISS COOP URL link to the iPad Desktop

Background:
Only Senior Leaders performing Engagement Authority (EA) duties possess the ability to access the AEISS mobile app on their iPad. All others can access AEISS on their iPad by following the instructions listed below.
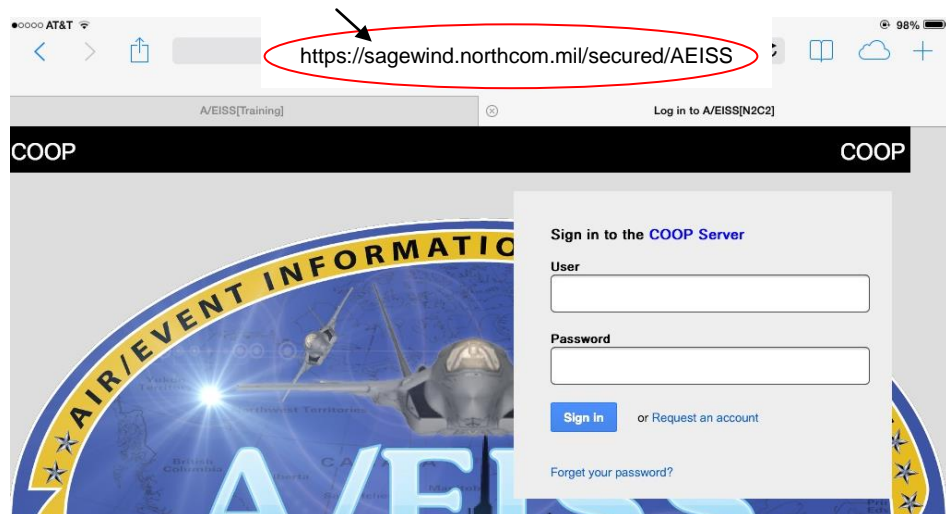

How to Access AEISS on the iPad. Access to A/EISS real world and AEISS COOP site requires users to open the Safari web browser and type in, or bookmark, the A/EISS Real World URL at: https://sagewind.northcom.mil/secured/AEISS/login.jsp
…and the AEISS COOP URL at: https://sagecoop.northcom.mil/secured/AEISS/login.asp

An easier way to access the AEISS Real World and AEISS COOP site is to have a URL link directly on the iPad desktop. The user clicks this link and the Safari browser opens directly to AEISS Real World or AEISS COOP site, as appropriate. The example listed below identifies how to generate a URL link for AEISS Real World app on the iPad.

How to Add the A/EISS Real World URL Link to the iPad Desktop:

1. Open the iPad desktop and select the Safari browser icon.
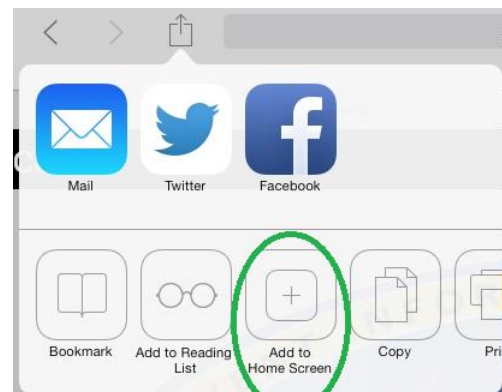

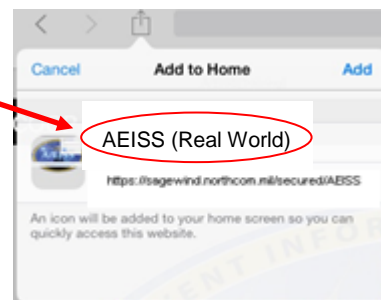

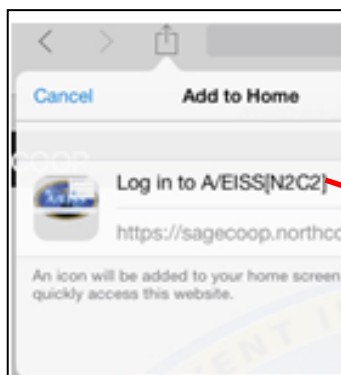

2. Type in the A/EISS COOP URL:

https://sagewind.northcom.mil/secured/AEISS

3. Select the bookmark icon   to the left of the URL.

4. This will open a pop-up dialog box. Click on the "Add to Home Screen" menu option

5. A new dialog box will show text for the new URL link

6. Change "Log into A/EISS[N2C2] to "A/EISS (Real World)

7. Select the "Add" key. An A/EISS (Real World) URL will now be on your iPad desktop
